Plus, you have the flexibility to access a network of local providers. You may pay a higher copay or coinsurance when you see an out-of-network provider. When looking at the charts above you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **UHC.com/Medicare** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

## **Important information:** 2023 Medicare star ratings

#### **UnitedHealthcare - H0271**

For 2023, UnitedHealthcare - H0271 received the following Star Ratings from Medicare:

Overall Star Rating: ★★★ 4 stars

Health Services Rating: ★★ ★ 3.5 stars

Drug Services Rating: ★★★ 3 stars

Every year, Medicare evaluates plans based on a 5-star rating system.

#### Why Star Ratings are Important

Medicare rates plans on their health and drug services.

This lets you easily compare plans based on quality and performance.

Star Ratings are based on factors that include:

Feedback from members about the plan's service and care
 The number of members who left or stayed with the plan
 The number of complaints Medicare got about the plan
 Data from doctors and hospitals that work with the plan

More stars mean a better plan – for example, members may get better care and better, faster customer service.

#### **Get More Information on Star Ratings Online**

Compare Star ratings for this and other plans online at **medicare.gov/plan-compare**.

#### Questions about this plan?

Contact UnitedHealthcare 7 days a week from 8:00 a.m. to 8:00 p.m. Local time at **888-834-3721** (toll-free) or **711** (TTY). Current members please call **866-480-1086** (toll-free) or **711** (TTY).

## Medicare Advantage plans (Part C) and cost plans

**Medicare Health Maintenance Organization (HMO) Plan** — A Medicare Advantage plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

**Medicare health maintenance organization (HMO) plan** — A Medicare Advantage plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copay or coinsurance.

**Medicare preferred provider organization (PPO) Plan** — A Medicare Advantage plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

**Medicare private fee-for-service (PFFS) plan** — A Medicare Advantage plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

**Medicare Special Needs Plan (SNP)** — A Medicare Advantage plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

**Medicare Medical Savings Account (MSA) plan** — MSA plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

**Medicare cost plan** — In a Medicare cost plan, you can go to providers both in and out-of-network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

# Stand-alone Medicare prescription drug (Part D) plan

**Medicare prescription drug plan (PDP)** — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

# Other related products

**Medicare Supplement (Medigap) Products** — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare Part A and Part B, such as deductibles and coinsurance amounts for Medicare approved services.

**Dental/vision/hearing products** — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

**Hospital indemnity products** — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

Effect on Current Coverage. If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.

This plan is a Dual Eligible Special Needs Plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.
